Reaches temperatures of over 400°C in just 20 minutes

With 8cm ceramic fibre installation and 3cm thick fire brick floor tiles, your oven will not only reach temperatures of 400°C within 20 minutes but remain consistent throughout your cooking experience.

More than a pizza oven

Live fire cooking at it's best. Position your burning wood and use the oven door and accessories to perform a variety of cooking methods from BBQ to baking to roasting. Your food will be packed with delicious wood-fired flavour.

Easy to position

Alfresco Chef ovens come with a mobile stand, to help avoid tricky wind conditions and allow for easy movement into storage. The ovens also have a flat base, meaning they can be mounted on heat-proof surfaces to complete the perfect outdoor kitchen.

Great for families and social gatherings

The perfect centerpiece for any family garden. The Verona's large cooking floor gives enough space to cook the most impressive of family feasts.
